Brand Foundations

01

Who we are before we are anything we make — the purpose, the beliefs and the personality that everything else is built on.

Mission & Vision

OUR MISSION — WHY WE EXIST

To keep every phone protected, powered and working — with accessories people love and repairs they can trust, all in one place.

OUR VISION — WHERE WE ARE GOING

To become the most trusted name in mobile life across the Caucasus — the first place people think of when they buy a case or fix a screen.

IN ONE LINE

Two ways to look after your phone — one to dress it, one to mend it.

Values

Five beliefs that decide how we behave when no one is watching.

01 Make it easy

Simple choices, clear prices, no jargon. If a 12-year-old can't follow it, we rewrite it.

02 Earn trust daily

We quote honestly, explain plainly and guarantee our work. Trust is rented, never owned.

03 Sweat the details

Fit, finish and the finishing touch. Quality you can feel in the hand and hear in the click.

04 Fix faster

Most repairs while you wait. We treat the customer's time as the product.

05 Human first

Real people, real help, at eye level. We serve everyone the same — never down to anyone.

BEHAVIOUR OVER SLOGANS — VALUES ARE VERBS, NOT POSTERS

Personality & Voice

BRAND PERSONALITY

If the brand were a person, it would be the friend who actually knows phones — calm, quick and generous with help.

The Helpful Expert

archetype: Sage + Caregiver

BRAND VOICE — FOUR PRINCIPLES

- **Clear over clever**
Say the useful thing first. Wit is a seasoning, not the meal.
- **Warm, not chummy**
Friendly and human — we don't try too hard or over-emoji.
- **Confident, never cocky**
We know phones. We don't make the customer feel small for not.
- **Short**
Respect the reader's time. Cut the second sentence if the first will do.

WE SAY

"Cracked screen? We'll have it sorted in about an hour."

WE DON'T

"Submit your device for diagnostic assessment and quotation."

Positioning

Where we sit in the market, who we serve and the advantage that keeps us there.

02

Customer Segments

Four people the family is built for — two lead with products, two lead with service.

18–35 • CASE WAY

The Everyday Upgrader

New phone, wants it to look good and survive a drop. Style-led, price-aware, decides in minutes.

Style • Protection • Value

30–50 • CASE WAY

The Practical Parent

Buys for the whole family. Wants durability, fair prices and a guarantee that means something.

Durability • Trust • Value

ANY AGE • FIXY WAY

The Cracked-Screen Crisis

Phone just broke; it's their lifeline. Needs it fixed today, by someone they can trust, at a fair price.

Speed • Trust • Transparency

20–45 • FIXY+CASE

The Power User

Heavy use, drained battery, wants performance back. Values expertise and honest advice over upsell.

Performance • Expertise • Honesty

Market Position

POSITIONING STATEMENT

For people who rely on their phone every day, the WAY family is the accessible, trustworthy home for everything that keeps it going — because we both sell it and fix it, honestly and in one place.

COMPETITIVE ADVANTAGE

- **One ecosystem**
Buy and fix under one family — rare in this market.
- **Mall-level convenience**
High-street locations, walk-in, no appointment.
- **Honest pricing**
Clear, posted prices. No surprises at the counter.
- **Guaranteed quality**
Written warranty on parts, products and repairs.

Brand Architecture 03

How CASE WAY and FIXY WAY relate — sister brands under one family, sharing DNA but doing different jobs.

One Family, Two Ways

An endorsed sub-brand system. A shared master suffix — WAY — and a shared master asset — the Loop — bind two specialists together. Same family, different jobs.

THE SAME PLAYBOOK THE BEST FAMILIES USE

Apple
→ AppleCare

Google
→ Google Maps

Uber
→ Uber Eats

Virgin
→ Virgin Mobile

CASE WAY
→ **FIXY WAY**

Naming & Lockups

THE NAMING RULE

[Function] + WAY

New ventures in the family take a plain function word plus the WAY suffix and inherit the Loop. It keeps the family legible and lets it grow without losing meaning.

- **CASE WAY** — protect & style
- **FIXY WAY** — repair & restore
- **CARE WAY** — plans & insurance (future)
- **TRADE WAY** — buy-back & resale (future)

Use the family lockup only on corporate, recruitment and group-level communication — never on product or service marketing, where each brand stands alone.

WHICH MARK, WHEN

Accessories, packaging, product ads

CASE WAY

Repair counter, service ads, warranty

FIXY WAY

Careers, group PR, mall landlord

Family lockup

Logo System

The wordmark, the Loop and the rules that protect them – for CASE WAY and FIXY WAY.

04

The Primary Logo

WHY IT WORKS

The CASE WAY logo pairs a bold, rounded geometric wordmark with the Loop — a single continuous ribbon that stands for protection without end and the cycle of buy, use, fix, repeat.

ANATOMY

- **Wordmark**
Rounded geometric caps, set tight and stacked.
- **The Loop**
Forms the W of WAY and signs the whole family.
- **Suffix WAY**
Shared across every brand in the family.

Construction & Clear Space

CONSTRUCTION

The wordmark is built on a fixed cap-height grid; the Loop occupies one square module and is never redrawn by hand. Always use master artwork.

Clear space = X on every side, where X is the height of the Loop. Keep this zone free of type, image and edges.

MINIMUM SIZE

Stacked — print	22 mm wide
Stacked — digital	96 px wide
Horizontal — print	30 mm wide
Loop icon — digital	24 px

Logo remains legible down to its minimum — never smaller.

Logo Variations

One system, many homes. Choose the version that fits the space and background — never invent a new one.

Misuse

The logo is an asset, not a canvas. These are the six most common mistakes — don't make them.

Don't stretch or condense

Don't recolour

Don't rotate

Don't add shadows or effects

Don't flip or mirror

Don't place on low contrast

The Service Logo

FIXY WAY • SAME SYSTEM • ORANGE-LED

THE FAMILY RESEMBLANCE

FIXY WAY is built from the identical construction, Loop and palette as CASE WAY. The only shift is emphasis: the service brand leads with orange to feel faster, more energetic and more human at the repair counter.

HOW THEY DIFFER

- **CASE WAY**
Navy-led — calm, trusted, product.
- **FIXY WAY**
Orange-led — quick, helpful, service.
- **Shared**
Loop, wordmark system, type, grid.

Colour

Two colours do the heavy lifting. Here is exactly how, where and in what measure.

05

Primary Palette

Navy is the voice; orange is the highlighter. Orange marks one thing at a time — a price, a button, a Loop. When everything is highlighted, nothing is.

Deep Navy

HEX	#003F67
RGB	0 63 103
CMYK	100 39 0 60
PMS	7700 C

Bright Orange

HEX	#FF5600
RGB	255 86 0
CMYK	0 76 100 0
PMS	165 C

Paper White

HEX	#FBFAF7
RGB	251 250 247
CMYK	1 1 2 0
PMS	11-0601 TCX

USAGE RATIO — KEEP NAVY DOMINANT

Secondary, UI & Accessibility

SECONDARY & NEUTRALS

UI SYSTEM

ACCESSIBILITY – WCAG

Always check contrast. Target AA (4.5:1) for body text, AAA where possible.

White on Navy	12.4 : 1	●	AAA
Navy on Paper	11.8 : 1	●	AAA
White on Orange	3.1 : 1	●	Large only
Navy on Orange	5.2 : 1	●	AA
Orange on Navy	4.0 : 1	●	Large / UI

Typography

A premium, contemporary type system — geometric for impact,
neutral for clarity.

06

The Type System

Ad

DISPLAY & HEADLINES

TT Commons Pro

A rounded geometric sans that echoes the logo. Used for headlines, numbers and short statements. Weights: Light, Regular, Medium, DemiBold, Bold.

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz 0123456789

TEXT & INTERFACE

Inter

A neutral grotesk for body copy, UI and anything long-form. Engineered for screens and small sizes. Weights: Regular, Medium, Semibold, Bold.

The quick brown fox jumps over the lazy dog. 0123456789

LABELS • SPECS • CODE

Söhne Mono

A monospaced face for labels, prices, technical specs and kicker text — it signals precision and order.

SCREEN • BATTERY • 24px • #FF5600

Specimens set in production substitutes (Poppins / Lato / DejaVu Mono). License the families above for final artwork.

Type Scale & Usage

STYLE	TYPEFACE	SIZE / LEADING	USE
Display	Poppins Bold	48 / 52	Hero statements, covers
Heading 1	Poppins Bold	32 / 38	Page titles
Heading 2	Poppins Medium	22 / 28	Section headers
Heading 3	Poppins Medium	16 / 22	Sub-headers
Body Large	Lato Regular	12 / 18	Intros, lead copy
Body	Lato Regular	10 / 15	Running text
Caption	Lato Regular	8 / 12	Notes, sources
Label	Mono Bold	8 / – tracked	Kickers, tags

PRINT

Sizes in points. Body 9–10.5pt, generous leading. Headlines in Poppins; never set long copy in Poppins.

DIGITAL

Sizes in px on an 8-pt baseline grid. Minimum body 14px (web) / 16px (mobile). Inter for all UI.

Graphic Language 07

Everything the logo gives us beyond the logo — pattern, framing, icons and motion.

Pattern & Framing

THE PATTERN

A loose field of Loops at low contrast. Use as a quiet texture on covers, packaging interiors and walls — never loud, never behind body text.

Accent underline — the Loop tail can underline a single word for emphasis.

CORNER RADIUS LANGUAGE

4 — chips

10 — cards

20 — panels

40 — heroes

Retail Experience

08

Where the brand becomes a place. Product stands, service kiosks and the rules that make them feel like one family.

The Retail Stand

APPLYING THE NEW IDENTITY

- **Signage**
Illuminated halo logo, navy face, white wordmark, orange Loop.
- **Product displays**
Navy pegwall, orange shelf-edges, Loop pattern backboard.
- **Pricing**
Mono price tags; price in orange, tiers clear and posted.
- **Digital screens**
Looping product reels, navy UI, one orange CTA.
- **Packaging display**
Use the Cradle to frame hero products at eye line.

New Kiosk Concept

A compact 6 m² island repair bar for Varketili Mall — premium but affordable, visible from across the concourse, and built to say 'trustworthy and fast' before a word is spoken.

Indicative axonometric — not to scale

FIXY
WAY

FOOTPRINT

6 m² · 3.0 × 2.0 m

LOCATION

Varketili Mall — concourse island

SERVICE MODEL

Walk-in · most repairs < 60 min

CAPACITY

2 staff · 2 waiting seats
