ABOUT THE BRAND

A calmer kind of cloud.

Vape Island is a premium vapor house built for the modern adult. We design considered, clean-label products and a retail experience defined by restraint, quality and quiet confidence.

Where the category shouts, we choose composure. Every product, surface and word is intentional — engineered to feel premium in the hand and effortless in the room. This is vaping, matured.

The mark, at rest

What we stand for

Three statements that anchor every decision the brand makes.

01

MISSION

To advance the craft of vaping through premium, clean-label products — engineered for purity and built for those who value quality over noise.

02

VISION

A category redefined by sophistication — where every detail is deliberate and every experience is elevated, calm and unmistakably modern.

03

PERSONALITY

Modern, considered and quietly confident. We are minimal, never loud; premium, never precious. Designed for adults who already know what they like.

“Every exhale, *composed*. Every detail, intentional.”

BRAND
TAGLINE

THE PRIMARY MARK

One mark. Full presence.

The lockup pairs our character with the wordmark. It is the preferred expression of the brand and leads every primary application. The character stays — refined in a single, confident tone.

FORMAT

Horizontal lockup

TONE

Monochrome only

Primary lockup · positive

Clear space & scale

Protect the mark with breathing room. Never crowd, stretch or rotate it.

EXCLUSION ZONE

Minimum clear space on all sides equals **x** — the cap-height of the wordmark.

MINIMUM SIZE

USE THE ICON WHEN

Space is tight or the brand is already established in context — avatars, favicons, embossing, hardware and app tiles.

Backgrounds & misuse

The mark is monochrome. It lives on ink, on paper, or on quiet imagery.

NEVER DO THIS

No rainbow / candy colour

Never stretch or distort

Do not rotate or tilt

Keep strong contrast

THE PALETTE

Smoke, ink & a single haze.

A near-monochrome system. Ink dominates, neutrals support, and one matured lavender carries the only colour.

PROPORTION

≈ 60% ink · 25% neutral · 15% paper · a whisper of lavender.

HOLOGRAPHIC FOIL

Reserved as a tactile **print finish only** — embossing, edges and seals. Never reproduced as on-screen rainbow.

TYPE SYSTEM

A serif voice, a clean hand.

Lora carries the editorial voice. Poppins handles everything functional — labels, body and detail.

GRAPHIC LANGUAGE

Vapor, line & negative space.

The motif is breath itself — slow vapor, fine line work and a great deal of room to exhale.

THE VISUAL TOOLKIT

RETIRED — DO NOT REINTRODUCE

- × Cartoon clouds with faces & expressions
- × Smiley patterns, snails & sticker motifs
- × Candy pastels and full-spectrum rainbow type
- × Playful, slang or "Gen-Z" voice in copy
- × Busy collage layouts and decorative clutter

The brand matured for an adult, regulated retail context. Imagery and tone must never read as youth-facing.

COLLATERAL & SOCIAL

One voice, every surface.

Restraint scales. The same ink, type and space
carry from card to feed.

RETAIL CONCEPT

The island, in the mall.

A dark, gallery-grade kiosk that reads as premium retail — not a novelty stand. Backlit shelving, restrained signage and a clear 18+ threshold communicate trust at a glance.

FINISH

Matte obsidian + warm light
