About Avla

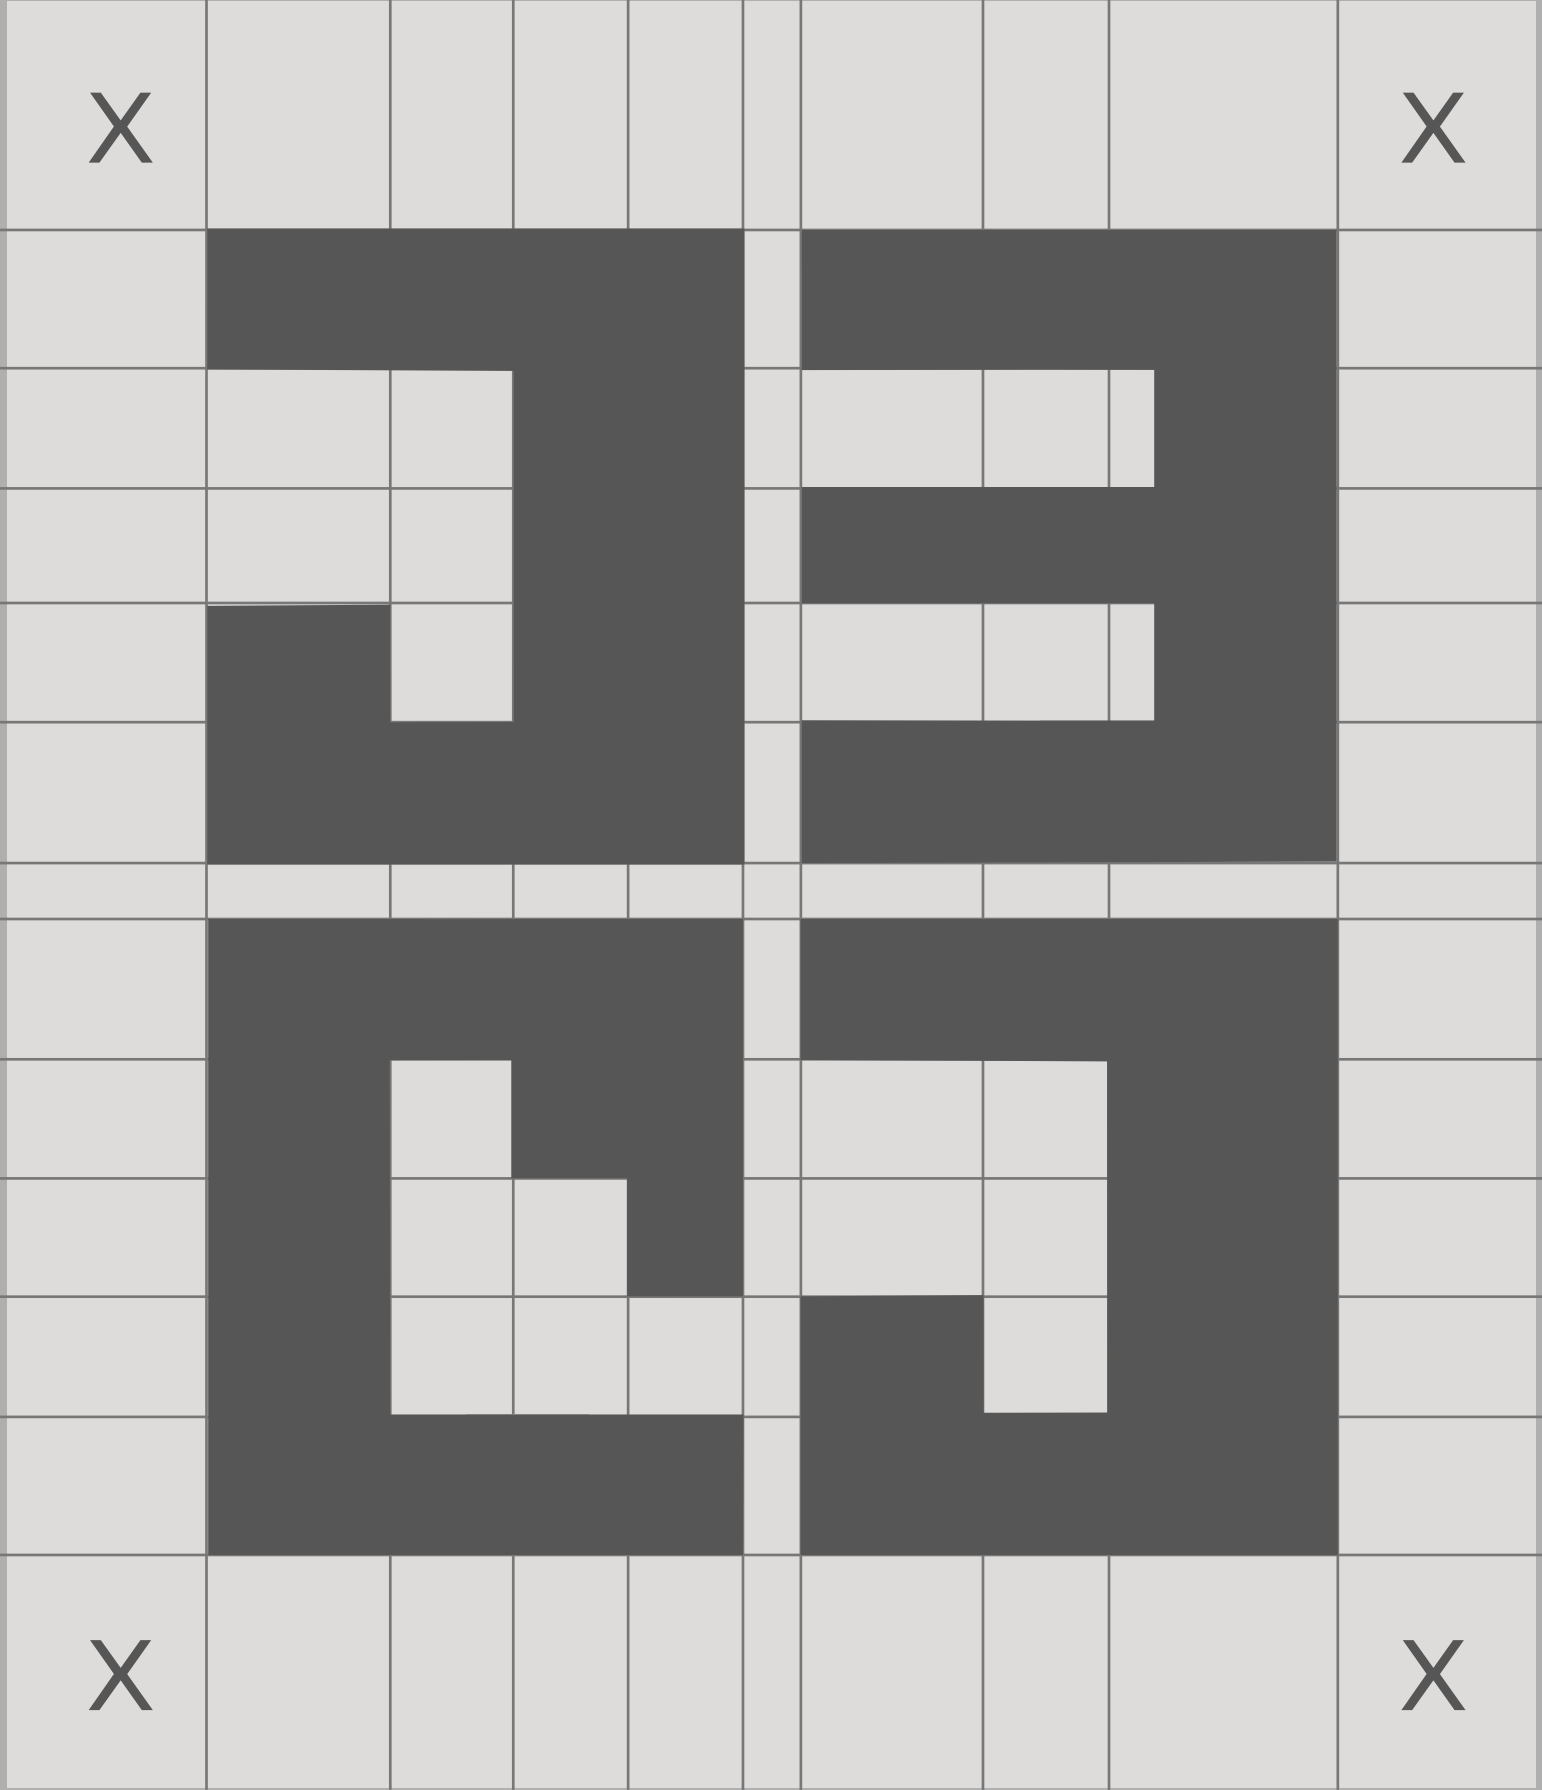

Avla reimagines the way people interact with dining spaces. With a simple scan, the table becomes a personal ordering and payment hub - fast, effortless, and entirely in your control.

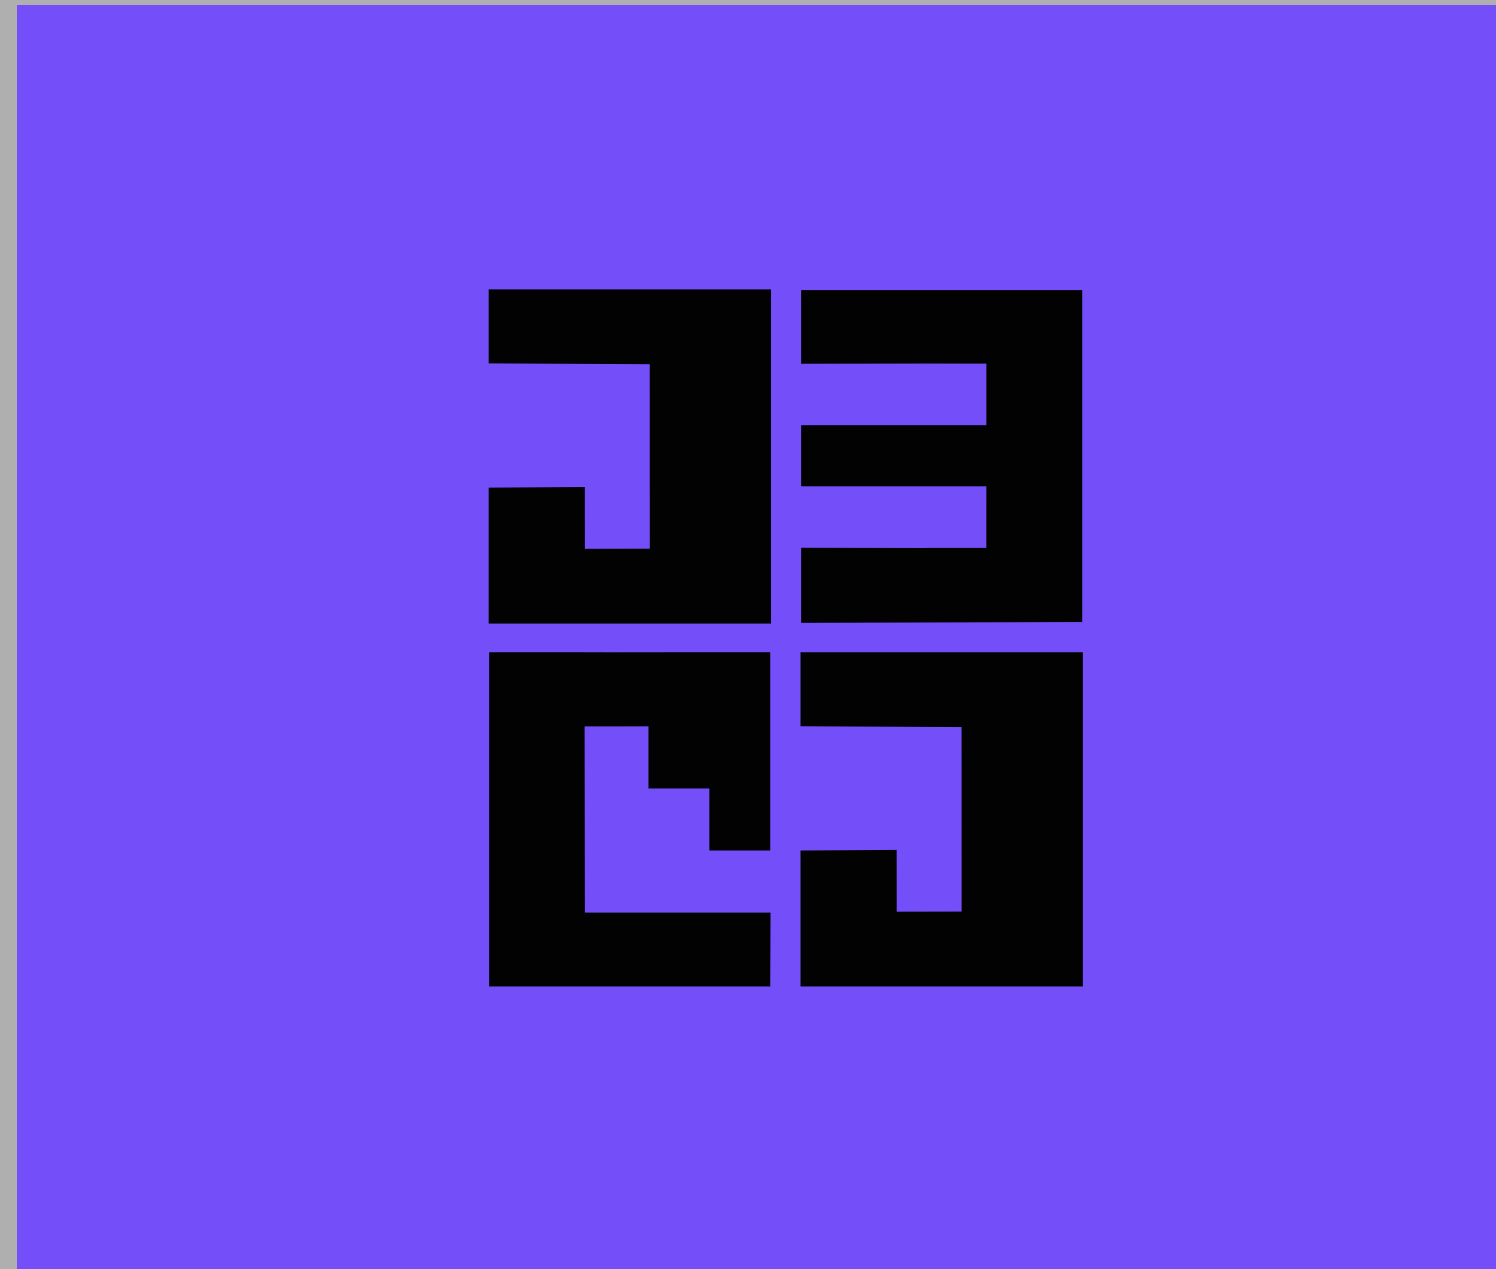

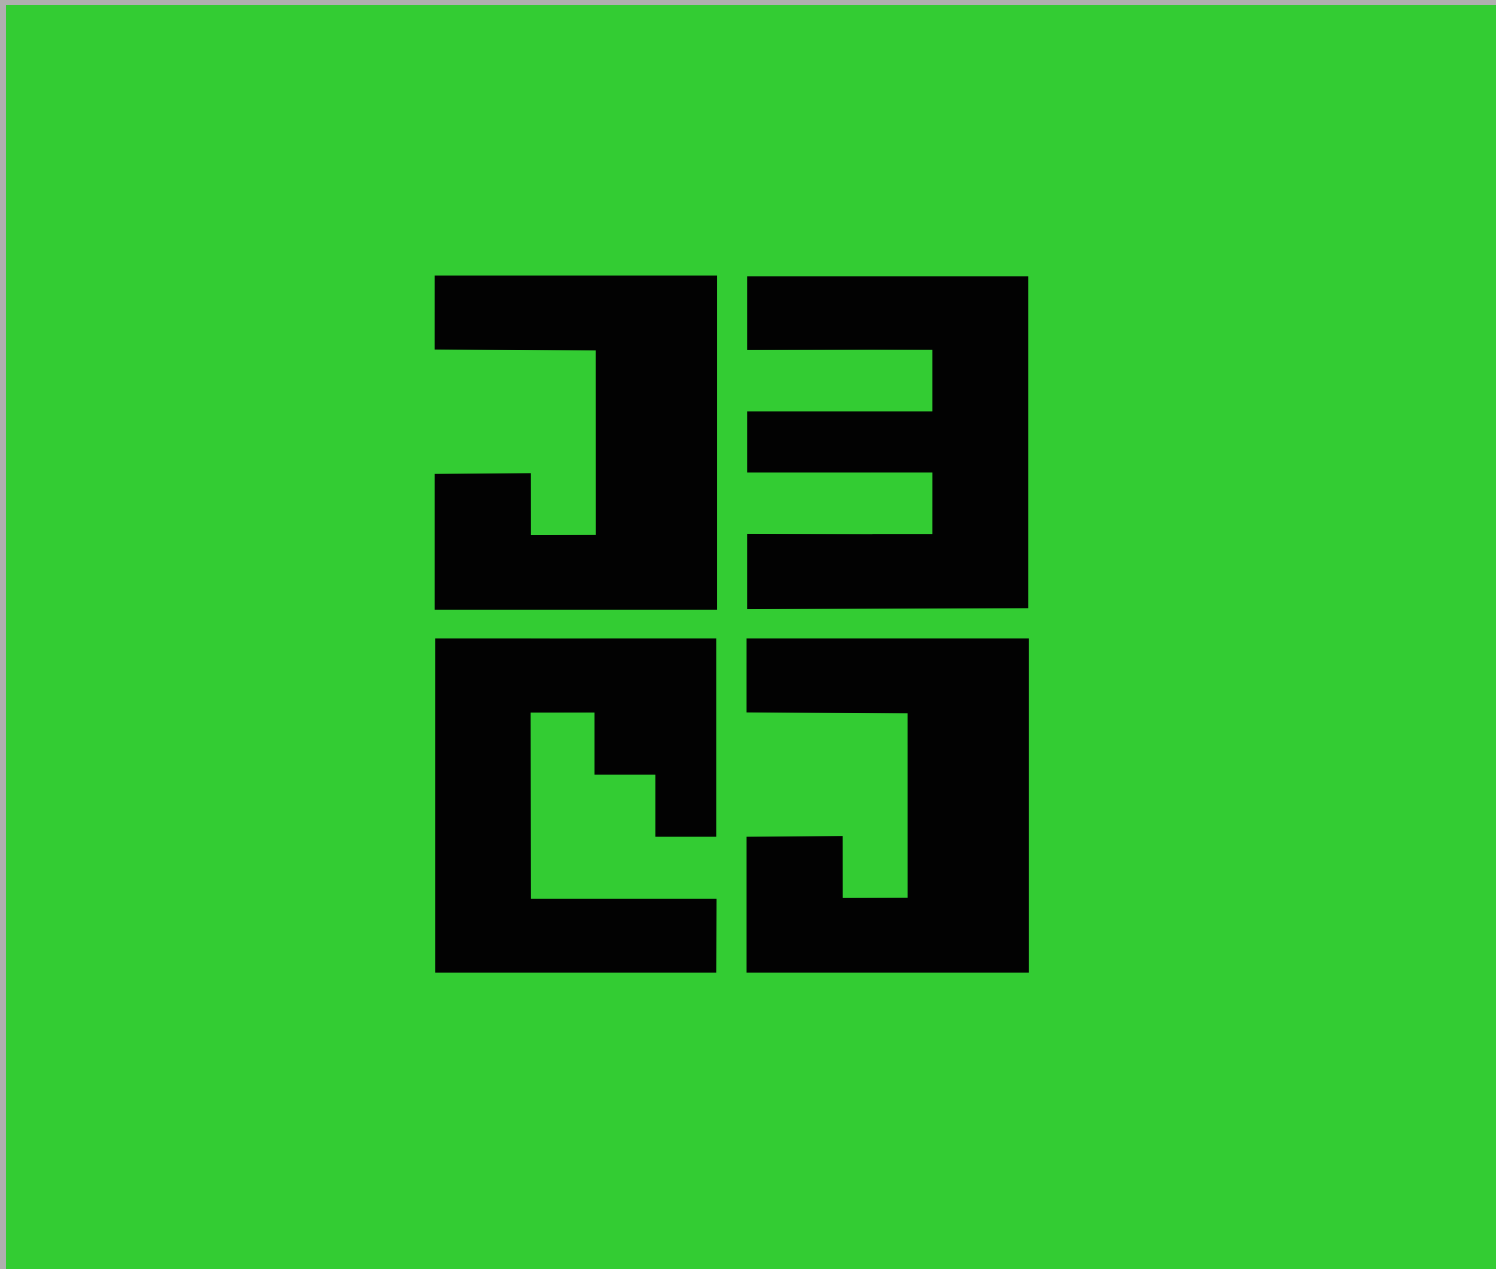

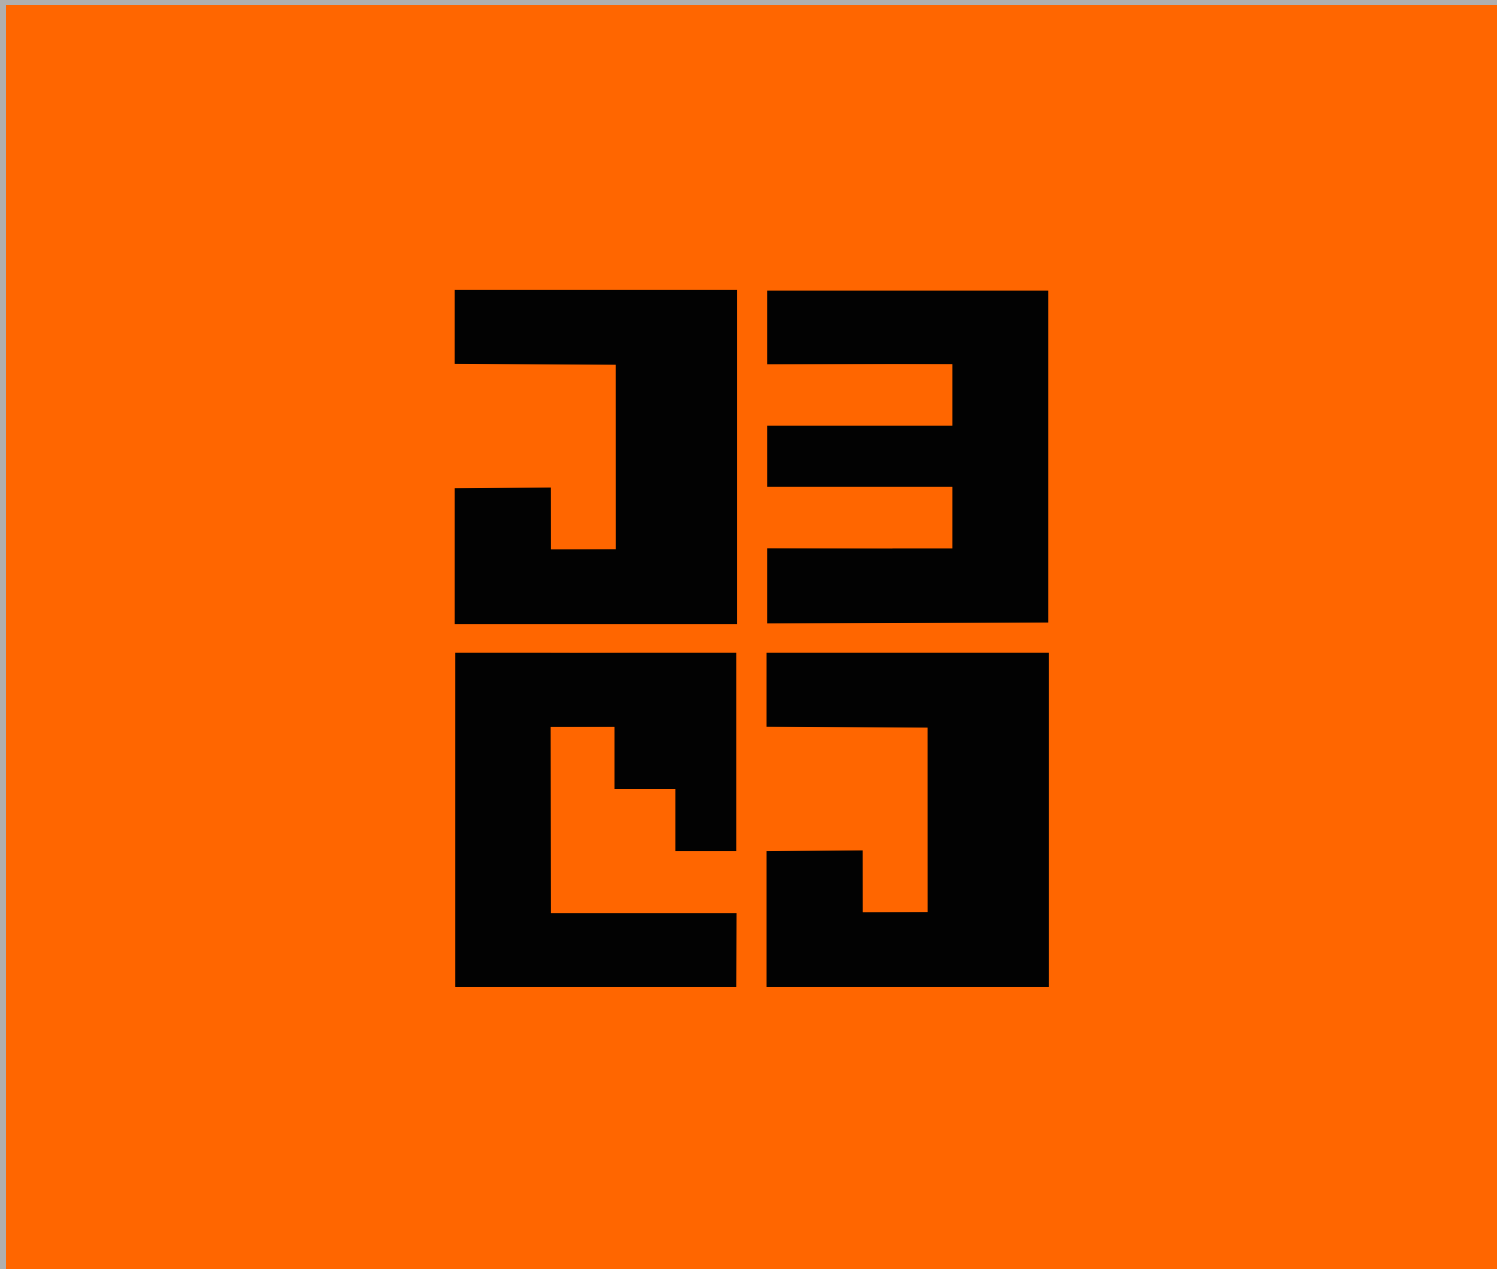

Designed for the rhythm of modern life, Avla removes unnecessary steps between intention and action. No waiting, no confusion - just a smooth, intuitive experience that lets people focus on what matters: the moment, the company, and the atmosphere.

For businesses, Avla brings clarity and efficiency. For customers, it brings freedom.
